Summary

Postgraduate student in Artificial Intelligence with hands-on experience in Python, machine learning, optimization, and deep learning. Strong background as an IT Officer, educator, and co-founder in tech training. Passionate about solving real-world problems using AI and contributing to impactful, scalable projects.

Core Skills

- Python, Machine Learning, Deep Learning, Optimization Methods
- Data Processing, Model Training, Classification & Regression
- IT Administration, Technical Troubleshooting, System Maintenance
- Teaching, Curriculum Development, Team Leadership

Experience

IT In-Charge

Jan 2026 – Now

Ankuram Academy, Chitwan, Nepal

- Managed school-wide IT infrastructure, internal network, CCTV systems, and digital resources.
- Provided technical support, troubleshooting hardware/software issues, and maintaining smooth IT operations.
- Assisted in implementing and managing digital tools and technology solutions for academic and administrative activities.

Artificial Intelligence Research Intern

July 2025 – Sep 2025

Guodian Nanjing Automation Co., Ltd., Nanjing, China

- Developed and deployed AI-based solutions for intelligent power equipment, improving system reliability through predictive maintenance algorithms
- Conducted comprehensive data analysis and modeling on large-scale power system datasets, implementing automated workflows that reduced processing time by 40%
- Collaborated with cross-functional team of researchers to integrate ML models into production environments

IT Officer

Oct 2023 – Sep 2024

Reliance Co-Ed. School, Kathmandu, Nepal

- Managed school IT systems, network operations, and digital resources.
- Provided tech support, resolved hardware/software issues, and ensured smooth workflow.
- Assisted in deploying new digital tools for academic and administrative tasks.

Science Teacher

Apr 2021 – Mar 2023

Teach for Nepal, Tanahun District, Nepal

- Delivered science curriculum to secondary-level students, improving performance outcomes.
- Designed engaging lessons integrating technology for effective learning.
- Led community-based education initiatives and student development activities.

Co-Founder & Instructor

Apr 2018 – Dec 2019

GreenQbit, Bhimdatta, Nepal

- Co-founded a computer training institute delivering IT and digital literacy programs.
- Managed operations and curriculum for multiple training batches.

Education

Nanjing University of Information Science and Technology (NUIST)

Nanjing, China

Master's in Artificial Intelligence [MSAI]

2024 – 2026

Far-Western University

Kanchanpur, Nepal

Master of Business Management [MBM]

2020 – 2022

Bachelor of Science in Computer Science and Information Technology [BSc.CSIT]

2014 – 2017

Publications

- Published research & conference papers:
 - i) "Robust Positive-Unlabeled Learning via Bounded Loss Functions under Label Noise" (2025). DOI: [10.64539/sjer.v1i3.2025.314]
 - ii) "Signal-Driven Fault Detection in Electrical Systems via Adaptive Machine Learning" (2025).
 - iii) "Real-Time Fault Detection in Power Systems Using Adaptive Anomaly Detection" (2025).
